

2019 ADI RFP INQUIRIES

1. Are the letter indicating the agency is in good standing from all funding sources regardless of which program or service provided by the agency or does it refer only to those funders of services for older adults or people with Alzheimer's disease?

Response: As per the RFP, Section B.1.b.18, "Bidders must provide a list of all current funding sources, including the Alliance, if applicable, and submit a letter from each funding source, including the Alliance, indicating whether the bidder is in good standing." This should include all funders regardless of purpose.
