

Dear Provider,

Request for Agency Information

The Alliance for Aging's Elder Helpline, an Information and Referral service, makes referrals to the general public about programs and services in the community that are available to seniors. The information we share is collected from our in-house database, and provides referral information for persons aged 60+; and persons with developmental disabilities who are 50+ years, along with their caregivers who are 55+ years.

Agencies and businesses that are interested in being included in the database must complete and return the application. Please review carefully, the Integrated Statewide Information and Referral Database Inclusion and Exclusion Criteria. *At the time of application your business must have been operating for at least one year and a copy of any licenses to conduct business, must be provided.*

This is your opportunity to provide information to the general public about your agency at no cost to you. You may use additional paper and attach if necessary. Please send by fax to (305) 222-4139, attention Tricia Smith, Resource and Development Specialist, the completed form along with a copy of your company/agency license. If you have any questions pertaining to the information for submission, please call Tricia Smith at 305-670-6500 ext. 280.

You may also mail your information to:
